MEMORANDUM FOR : The Record

SUBJECT : Interim Progress Report - Engine  
Exhaust Gas Ionization Test Program

During the writer's visit to Pratt and Whitney Florida Facilities on 20 and 21 October 1960 for the purpose of a preliminary review of subject test program data, the need was expressed for a documented summary of the results to date. Consequently, a document summarizing initial objectives, on the spot Willgoose and UAC data evaluation, remaining questions, and consideration of future action was prepared agreeably and jointly by all interested parties present and signed by representatives of [REDACTED] Lockheed and Pratt and Whitney. This document is presented herewith as Attachment 1.
